Ms. Tuggle asked about city action that can be taken concerning vacant lots that are overgrown with weeds.

An unidentified citizen from Carrington Place asked about what could be done about an area outside of, (behind), lots where there is tall weeds, standing water and trash accumulating. Mayor Davis indicated that trash would be cleaned up by developer and/or the city. If the area is set aside as "Green space" it will not be mowed but trash and hazards will be addressed.

Ms Skipper asked about re-paving the portion of Shannon Hills Drive from the shopping center to Otter Creek. She stated that the edges of the existing pavement is broken and damaged.

Ms Skipper also stated her desire for a "speed bump" to be placed on her street. There followed several minutes of discussion about traffic control methods.

An unidentified citizen asked why a dirt road that used to serve as a second entry/exit for Emerald Mountain had been closed. Mayor Davis explained that it was done during the building and development phase to prevent or reduce building materials theft. He stated that later, in the development of the area, additional roadways would be developed and opened.
